[REDACTED] This information was furnished to the Criminal Division which has requested that we contact the National Labor Relations Board (NLRB) Office at St. Louis, Missouri, concerning the outcome of action it is taking relative to this dispute. This will be done and results furnished to the Department for its determination as to whether or not violations of the Obstruction of Justice Statute or of the Anti-Racketeering Statute which prohibits use of violence to induce extortion, are involved.

By way of background, the victim, M. L. Hulcher Company, Virden, Illinois, a water pipeline contractor, is involved in a dispute between the Pipefitters Union and the Common Laborers Union as to which has jurisdiction over unloading and stringing pipe. The hourly rate paid to pipefitters is \$2.50 in excess of that paid to common laborers.

Upon receipt of results Mr. Petersen will make a determination as to whether or not there appears to be a violation of the Obstruction of Justice or Anti-Racketeering Statutes which would warrant investigation by the Bureau.

ACTION:

The St. Louis Office is being instructed to conduct the requested investigation immediately and results will be promptly furnished to the Criminal Division.

In this connection, authority is granted to interview [REDACTED], International Vice-President of the Pipefitters Union. Authority is granted providing there is no information in your files or the files of an auxiliary office requested to handle the interview which would preclude interview of Balch. This interview should, of course, be handled by two mature and experienced Agents.

The Criminal Division attorney requested that the U. S. Attorney's Office not be contacted at this time. Accordingly, the Springfield Office should retain one extra copy of all investigative reports in its file for possible future referral to the U. S. Attorney's Office. Auxiliary offices should be advised of these instructions. The final investigative report for the Springfield Office should be submitted under a closed status. This will be referred to the Criminal Division for an opinion as to what further investigation may be desired in this case.

Sufficient personnel should be assigned to this investigation in order to assure completion and submission of report in accordance with Bureau instructions contained herein. In event circumstances beyond the control of the office of origin or any auxiliary office should prevent submission of reports in accordance with these instructions, Bureau should be advised of reasons and earliest possible date by which reports can be submitted. Keep the Bureau promptly and currently informed of all pertinent developments.

NOTE: Criminal Division Attorney Phil T. White, 10/3/63, furnished information contained herein.

Based on available information, bufiles contain no references identifiable with Charles Balch in the Illinois area which would preclude contact on this matter.

The Bureau, on 10/3/63, furnished a copy of Criminal Division memo dated 10/2/63 requesting investigation relative to this matter. Part of this memo indicated in order to establish a violation of Title 18, Sections 1503 or 1505, it would be necessary to prove that WORTMAN and others had some knowledge of the proceedings pending before the NLRB or the United States District Court in this matter. Efforts should be made to determine any recent association on WORTMAN's part with any members, officers, or attorneys of the Local or International Union. This refers to Local 562, Pipefitters Union, St. Louis, Missouri and the International Association of Journeymen, and Apprentices of the Plumbing and Pipefitting Industry, AFL-CIO.

b7C
b7D

The Bureau subsequently advised that leads should be set out immediately to identify subscribers to telephone numbers called during the pertinent period from telephones logically available to the principals in this case. This would include telephones in a principal's residence, business and known hangouts.

LEADS:

All offices receiving this communication are requested to identify the subscriber of the following telephone numbers. Thereafter, conduct such investigation to determine if the subscriber is a member of, or associated with, the International Pipefitters Union or any local pipefitters union. If subscriber is a member of the National Headquarters of the Union, or is a controversial labor figure, secure Bureau authority to interview; otherwise, interview subscriber upon authority of SAC as qualified in the Manual of Instructions, Volume Three, Section 67.

The Bureau has instructed that this supplemental investigation should be reported by 11/8/63. In the event circumstances beyond the control of an office prevent submission of reports in accordance with Bureau instructions, Bureau should be furnished with detailed reasons and earliest possible date by which such reports can be submitted.

Offices are requested to submit their investigation in the form of an RUC report, designating three copies for the Bureau and three copies for Springfield, which is office of origin.

Because FRANK LEONARD WORTMAN has been considered a top hoodlum of the Springfield Office since 1957 (Springfield File 92-112), it necessarily follows that a very close record of telephone contacts and personal contacts has been maintained insofar as WORTMAN is concerned.
